

# Excel in the Office of the Chief Financial Officer.

Join us for a rewarding and challenging career. We are looking for budget analysts, accountants, and financial analysts to manage an \$11 billion budget and account for the \$2.7 trillion in tax revenue collected by the IRS each year.

We offer a variety of opportunities throughout CFO and are seeking candidates with strong analytical skills to manage our financial operations; strong communication skills to interact with the IRS business units, Congress, the Department of the Treasury, and the Office of Management and Budget; and leadership skills to guide projects, initiatives, and work teams.

## Corporate Performance Budgeting (CPB)

CPB develops an \$11 billion budget to fund IRS operations. CPB faces complex and challenging issues as it manages the budget to ensure that IRS funds are spent efficiently. Our staff is expert in the intricate rules and procedures of federal budgeting and IRS operations, and we find ways to solve IRS budget problems to improve tax compliance and service to taxpayers. We work with the IRS business units, Congress, the Department of the Treasury, and the White House Office of Management and Budget.

## Corporate Planning and Internal Control (CPIC)

CPIC develops the IRS Strategic Plan and annual report and monitors IRS performance. CPIC also oversees the testing and monitoring of the IRS internal controls, the federal version of Sarbanes-Oxley. They are also responsible for monitoring all audit recommendations originating from the many reviews done by the Treasury Inspector General for Tax Administration (TIGTA) and the Government Accountability Office.

# Find Opportunities in CFO Today.

## Internal Financial Management (IFM)

IFM manages the financial and accounting operations for the \$11 billion IRS budget. We prepare the annual administrative financial statements, ensure compliance with Government-

wide accounting standards, and

manage administrative

financial management

system operations.

We establish IRS

financial management

policies and procedures,

maintain the agency-

wide cost accounting

system, and

manage the Finance

Training Institute.

## Revenue Financial Management (RFM)

RFM manages the accounting operations for the \$2.7 trillion in tax revenue collected by the IRS each year. We work with

all IRS business units to ensure accurate financial reporting

to the Treasury Department so the government can fund

federal operations. We prepare the annual revenue financial

statements and work with GAO, OMB, and Congress on a

variety of tax revenue issues.

## Student Career Experience Program (SCEP)

The CFO has part-time or full-time SCEP trainee positions in each of its four units. Trainee positions are available for budget analysts, financial analysts, and accountants. Each CFO group offers the opportunity to work on challenging and rewarding projects and is looking for individuals with strong analytical and communication (oral and written) skills.

**NOTE: Program entry requires a minimum of a 3.0 GPA in all academic coursework and maintaining a minimum of 3.0 GPA in all academic coursework.**
